5th September 2018

Media Statement - Nidec SR Drives Ltd & Nidec SR Drives Manufacturing Ltd, Harrogate, UK.

Press Release - Harrogate, UK - 5th September 2018

Nidec SR Drives Ltd & Nidec SR Drives Manufacturing Ltd (collectively 'the Company') announce the start of a Consultation process at their Development & Manufacturing facility at East Park House, Otley Road, Harrogate, North Yorkshire. Up to fifty-five of its seventy-three positions are under review as the Company considers plans to transfer parts of its manufacturing & development capabilities to other Nidec locations in North America, China & Eastern Europe. If enacted, these changes could affect both salaried and hourly positions over a period from November 2018 to March 2019. The potential to consider transitioning skills to other overseas locations has been driven by the need to maintain a competitive position within challenging global market conditions.

About Nidec SR Drives & Nidec SR Drives Manufacturing Ltd

Nidec SR Drives Ltd & Nidec SR Drive Manufacturing Ltd design and manufacture special-purpose electrical motors & controls for a variety of industrial, commercial and traction applications that include: construction & commercial vehicles, mining-process equipment, high-pressure pumps and industrial blowers & compressors.

About Nidec Corporation
